FRC TEAM 2151 MONTY PYTHONS

Dear Monty Pythons Sponsor,

On behalf of the PMSA Monty Pythons Robotics Team, we wish to extend a heartfelt thank you for your commitment to our team this past season. Due to the struggle our team faced with the weight qualifications and design restrictions of the robot, we are grateful for your time and materials to make the rack and pinion. This generous contribution played a significant role in the functioning of the opening and closing mechanism of our robot. Your support in making our vision a reality is not something we take for granted and is truly appreciated. We hope you continue to cherish our team and aid to offset the cost of our team's paramount expenditures. Here's to the end of a great season and we look forward to working with you next season.

With sincere gratitude,
Monty Pythons Robotics Team 2151
